#### INDEPENDENT AUDITORS' REVIEW REPORT ON THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF JABAL OMAR DEVELOPMENT COMPANY (A SAUDI JOINT STOCK COMPANY)

#### Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of Jabal Omar Development Company (A Saudi Joint Stock Company) (the "Company" or "the Parent Company") and its subsidiaries (collectively referred to as the "Group") as at 30 June 2022, and the related interim condensed consolidated statements of profit or loss and other comprehensive income, for the three-month and six-month periods ended 30 June 2022, and the related interim condensed consolidated statements of changes in equity and cash flows for the six-month period then ended, and other explanatory notes. Management is responsible for the preparation and fair presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, "Interim Financial Reporting" ("IAS 34") as endorsed in the Kingdom of Saudi Arabia. Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

#### Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" endorsed in the Kingdom of Saudi Arabia. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing that are endorsed in the Kingdom of Saudi Arabia and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### **Basis for Qualified Conclusion**

As of 30 June 2022, the net carrying value of property, plant and equipment and investment properties (collectively "the Assets") reported in the Group's interim condensed consolidated statement of financial position amounted to SR 19,785 million and SR 5,023 million, respectively. In view of substantial reduction in cash generated from the Group's hotels and other commercial operations, as well as the interruption in the development of the Group's real estate projects primarily due to the continued outbreak of COVID-19 pandemic, the Group's management performed an impairment assessment on its Assets as of 30 June 2022 by comparing the Assets' carrying values with the recoverable amount, being the higher of fair value less costs to sell and value-in-use (VIU). Accordingly, the Group's management performed an impairment assessment (including using an external valuer) to determine the fair values of the assets and carried out an internal assessment to determine the VIU. As a result of the Group management's assessment, it concluded that no impairment provision is required on its Assets as of 30 June 2022. We reviewed and challenged the significant judgments, assumptions and estimates used by the Group's management including its determination of the appropriate valuation methodologies, and noted that in our view recoverable values of certain Assets that comprised property, plant and equipment and investment properties with net carrying values of SR 7,691 million and SR 357 million, respectively as at 30 June 2022, were determined mainly using cost approach, which was not assessed by us as appropriate considering the nature and; current and expected use of the Assets.

### INDEPENDENT AUDITORS' REVIEW REPORT ON THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF JABAL OMAR DEVELOPMENT COMPANY (A SAUDI JOINT STOCK COMPANY)

## Basis for Qualified Conclusion (continued)

We also noted that certain significant assumptions used in the calculation of certain Asset's VIUs and fair values using income approach were not supported by reasonable basis. Had the Group management used valuation methodology that is appropriate considering the nature and current and expected use of the Assets, as well as assumptions that are reasonably supported, certain elements in the accompanying interim condensed consolidated financial statements together with the related disclosures would have been materially affected. The effects on the interim condensed consolidated financial statements have not been determined.

#### **Qualified Conclusion**

Based on our review, with the exception of the matter described in the preceding paragraph, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34 as endorsed in the Kingdom of Saudi Arabia.

#### Emphasis of matter

We draw attention to note 1 to the interim condensed consolidated financial statements, which indicates that the Group incurred a loss of SR 311 million and negative operating cash flows amounting to SR 92 million during the six-month period ended 30 June 2022. In addition, the Group's current liabilities exceeded its current assets by SR 1,679 million and the Group had accumulated losses amounting to SR 1,491 million as at 30 June 2022. As stated in note 1, these events or conditions, along with other matters as set forth in note 1, indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern. Our conclusion is not modified in respect of this matter.

#### Other matter

The interim condensed consolidated financial statements of the Group for the three-month and six-month periods ended 30 June 2021 were reviewed by another auditor who expressed their unmodified conclusion on those interim condensed consolidated financial statements on 18 August 2021 (corresponding to 10 Muharram1443H).

### Jabal Omar Development Company (A Saudi Joint Stock Company) NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) At 30 June 2022

#### 1. CORPORATE INFORMATION

Jabal Omar Development Company ("the Company" or "the Parent Company"), a Saudi Joint Stock Company, was established under the Regulations for Companies in the Kingdom of Saudi Arabia ("KSA") as per Royal Decree No. M/63, dated 18 October 2006 (corresponding to 25 Ramadan 1427H). The Ministerial Resolution No. 253/S dated 28 October 2007 (corresponding to 16 Shawal 1428H) declared the incorporation of the Company. The Company is registered in Makkah Al Mukkaramah City under Commercial Registration number 4031051838 dated 25 November 2007 (corresponding to 15 Dhul Qida 1428H).

The Company's and its subsidiaries (the "Group") main activity is to own Jabal Omar area adjacent to the western side of the Holy Mosque in Makkah and develop it into plots of land to manage, invest, sell and lease them for the Company's interest; in addition to carrying out operations necessary for construction, maintenance, management, demolishing, surveying, and furnishing hotels, commercial facilities and staff residences, as well as importing and exporting hotels' equipment and furniture and operating the hotels.

#### Going concern

The Group utilizes debt financing to fund the development of each of the Project's phases. However, the revenues from the Group's operational assets are insufficient to meet the servicing requirements of the Group's debt structure.

Moreover, this shortfall was exacerbated by the outbreak of novel coronavirus (COVID-19), classified as a pandemic, in March 2020, the impact of which continued to affect the Group during the period. The continued outbreak of COVID-19 led to a substantial reduction in cash generated from the Group's hotel and commercial area operations. The Group incurred a total comprehensive loss amounting of SR 311 million (30 June 2021: SR 75 million) and negative operating cash flows amounting to SR 92 million (30 June 2021: SR 524 million) during the six-month period ended 30 June 2022. In addition, the Group's current liabilities exceeded its current assets by SR 1,679 million (31 December 2021: SR 2,280 million) and the Group had accumulated losses amounting to SR 1,491 million as at 30 June 2022 (31 December 2021: SR 1,179 million).

Consequently, the Group is critically dependent on the cash that will be generated from debt financing, on-going restructuring and the sale of certain plots of land to meet its obligations when they become due and to continue its operations without a significant curtailment. These conditions indicate that a material uncertainty exists that may cast significant doubt on the Group's ability to continue as a going concern.

The table below summarizes the maturity profile of the Group's financial liabilities based on contractual undiscounted cash flows:

At 30 June 2022	Within 1 year SR' 000	1-2 years SR' 000	2-5 years SR' 000	Over 5 years SR' 000	Total <i>SR ' 000</i>

Total	3,486,701	2,762,424	3,556,270	12,564,313	22,369,708

\*\*Since Alinma Makkah Real Estate Fund ("the Fund") was consolidated, and as a result of consolidating the Fund, a liability is payable to the remaining unitholders of the Fund. The liability consists of accrued interest payable on a semi-annual basis of 9.6% and the redemption amount payable on liquidation of the Fund. The Group has pledged Phase 1 to the lender as mortgage against this transaction Please refer Note 6 for further details. As the unitholders receive a fixed return and redemption amount is fixed, the liability was accounted for at amortised cost.

#### Going Concern (continued)

The Group's obligations against lenders and banks carry financial covenants for the following (refer note 12):

- covenants in respect of loans amounting to SR 1,000 million (31 December 2021: SR 636 million) included in non-current liabilities (31 December 2021: current liabilities).
- covenants in respect of syndicated loan with local banks amounting to SR 5,171 million (31 December 2021: SR 4,889 million) included in non-current liabilities
- covenants in respect of loans amounting to SR Nil (31 December 2021: SR 70 million) included in current liabilities.

In assessing the appropriateness of applying the going concern basis in the preparation of these interim condensed consolidated financial statements, the Group's management has revisited the plan to enable the Group to meet both its obligations as they become due and to continue its operations, without significant curtailment, as a going concern. The plan comprises the Group's liquidity and forecasted cash flows taking into account reasonably possible outcomes over a 12-month period from the date of approval of these interim condensed consolidated financial statements. This plan principally includes:

- On 5 October 2021, the Group announced the restructuring of loan facility amounting to SR 4.7 billion with an additional SR 1.2 billion credit limit to be drawn down, taking the total financing to SR 5.9 billion. The restructured loan agreement would require the Group to sell phase 5. The Group has appointed a real estate broker for the sale of plots of land belonging to phase 5. The total available undrawn facility as at reporting period amounts to SR 729 million. The cash expected to be generated from this sale would be utilized to partially repay the loan, amounting to SR 1.2 billion. An amount of SR 1.3 billion, will be drawn within twelve months from the date of the interim condensed consolidated statement of financial position. The funds from additional facility will go towards the completion of phase 2 and 4 of the Group's master plan. This loan has been considered in maturity profile as per restructured repayment plan.
- During the year ended 31 December 2021, the Group announced the restructuring of loan facility from the Ministry of Finance ("MoF") which involves significant modifications of loan terms such as extending the maturity of the existing loans, waiver of the accrued commission, capitalization of commission for certain period for commencing repayments, revision in commission rates and conversion of certain portion of the existing loan into a subordinated perpetual instrument. Modified financial liability has been considered as non-current in maturity profile while subordinated perpetual instrument is not considered in foreseeable future.

The MoF has supported the Group by acting as guarantor for the new financing arrangement amounting to SR 1.6 billion (note 12).

- The Group also intends to sell certain plots of land in phase 7 along with the plots of land belonging to phase 5 (as mentioned above) and expects to generate aggregate cash amounting to SR 4.2 billion within 12 months from the date of the interim condensed consolidated statement of financial position.
- During the year ended 31 December 2021, the Group entered into a financing arrangement amounting to SR 1.6 billion with a lender for the completion of phase 3 and made a drawdown of SR 689 million. Remaining drawdowns from this facility amounting to SR 911 million is planned to be made within 12 months from the date of the interim condensed consolidated statement of financial position.
- During the six month period ended 30 June 2022, the Group obtained approval from lender to roll-over a loan facility amounting to SR 1 billion till 30 June 2022 (bullet payment with interest paid monthly). However, the Group is in advanced discussion with lender to reschedule the repayment terms to be extended to 5 years with 1 year grace period, payable semi-annually. As at 30 June 2022, the restructured agreement facility has not been finalized. The Group is confident that restructured agreement would be signed with extension. As a result, the Group considered the restructured repayment terms in its forecasted cashflows within twelve months from the date of interim condensed consolidated financial statements.
- On 26 September 2021, the Group signed a revised facility with another lender, as per the terms of the agreement the facility will increase from SR 0.6 billion to SR 1 billion. During the six-month period ended 30 June 2022, the group made payments of 0.6 billion, and drawdown SR 1 billion for the purpose of settlement of certain Group's outstanding liabilities. The repayment for the facility will be due in 18 months from the day of the first withdrawal.

- On 13 September 2021, JODC announced the submission of a non-binding offer to the manager of the Alinma Makkah Real Estate Fund ("Fund") relating to full settlement of the rights and obligation in respect of the funds' assets. JODC offered the unitholders of the fund a total of 193,068,966 Company's own newly issued shares in exchange of:
- All payment obligation of the Group to the fund/unitholders deemed to be completely and finally settled
- Fund surrendering to the Company all the rights over JODC's assets
- All collaterals granted by JODC to the fund should be released and terminated

The Company has revised its offer on 23 December 2021 whereby the Company shall issue to the unitholders of the Fund a total number of 225,134,162 new shares instead of 193,068,966 shares.

On 9 January 2022, the Company received a notification from the Fund informing the Company that the Fund's unitholders have approved the Transaction in the unitholder General Assembly. As a result, liability payable to unitholders would be settled by issuing Company's own shares; hence this liability would not result in any cash outflow

On 2 April 2022, the Group has executed an agreement with the Fund Manager to settle this liability in exchange of Company's new 225,134,162 shares. In accordance with terms of agreement, the transaction is binding and non-revocable

Liability payable to unitholders would be settled by issuing shares of JODC; hence this transaction would not result any outflow.

Subsequent to period end, on 13 July 2022 (corresponding to 14 Duh Al-Hijjah 1443H), the Group announced issuance of CMA's approval dated 6 July 2022G (corresponding to 7 Duh Al-Hijjah 1443H) in respect of the Company's application to increase its capital through debt conversion.

Based on the above plan, the Group's cash flow forecast for the 12-month period from the reporting date indicates a net positive cash flow position. Although there is a material uncertainty initially created by COVID-19, and continued to affect the Group besides the successful execution and conclusion of the above plan, management continues to believe that it remains appropriate to prepare the interim condensed consolidated financial statements on a going concern basis as the above plan mitigates any shortfall that may arise during the next 12 months.

The Company has branch commercial registrations to engage in hospitality activities as per the Saudi Commission for Tourism and National Heritage's ("SCTA") letters. These interim condensed consolidated financial statements include the results of the operating activities relating to the following hotels in addition to its four branches bearing commercial registration numbers 4030291056, 4031097883, 4031098207 and 1010465230, respectively.

Further to the above operating hotels, the Company has two additional hotels, the operations of which are not yet commenced, bearing commercial registration numbers 4031215100 and 4031247845, respectively.

These interim condensed consolidated financial statements comprise the financial statements of the Company and its subsidiaries (together referred to as the 'Group'). The Company has the following subsidiaries as at 30 June 2022. The Group is incorporated in the Kingdom of Saudi Arabia except for Jabal Omar Sukuk Company Limited which is incorporated in the Cayman Island. Except for Alinma Makkah Real Estate Fund, remaining subsidiaries have share capital consisting solely of ordinary shares that are held directly by the Group, and the proportion of ownership interests held equals the voting rights held by the Group.

Jabal Omar Development Company (A Saudi Joint Stock Company) NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (continued) At 30 June 2022

#### 2. BASIS OF PREPARATION AND STATEMENT OF COMPLIANCE

#### 2.1 Statement of compliance

The accompanying interim condensed consolidated financial statements have been prepared in accordance with International Accounting Standard IAS 34 "Interim Financial Reporting" as endorsed in the Kingdom of Saudi Arabia.

These interim condensed consolidated financial statements do not include all the information and disclosures required in a full set of annual consolidated financial statements and should therefore be read in conjunction with the Group's annual financial statements for the year ended 31 December 2021. However, selected explanatory notes are included to explain events and transactions that are significant to the understanding of the material changes in the Group's financial position and performance since the date of last audited financial statements. In addition, results for the interim period ended 30 June 2022 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2022.

#### 2.2 Basis of Measurement

These interim condensed consolidated financial statements have been prepared under the historical cost basis using the accrual basis of accounting except for the following items which are measured as follows:

Items	Measurement basis
Provisions for employee terminal benefits	Present value of the defined benefit obligation using projected credit unit method
Investment held at fair value through profit or loss	Fair value

#### 2.3 Functional and presentation currency

These interim condensed financial statements are presented in Saudi Riyals (SR), which is also the functional currency of the Group. All figures are rounded off to the nearest thousands (SR '000) unless when otherwise stated.

#### 2.4 Significant accounting judgments, estimates and assumptions

The preparation of the Group's interim condensed financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. The significant judgments made by management in applying the Group's accounting policies and the methods of computation and the key sources of estimation are the same as those that applied to the financial statements for the year ended 31 December 2021. However, in the view of the uncertainty initially created due to COVID-19, which continued to affect the Group, any future change in the assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future periods. As the situation is still evolving with future uncertainties, management will continue to assess the impact based on prospective developments

#### 3. CHANGES TO THE GROUP'S ACCOUNTING POLICIES

The accounting policies and methods of calculation adopted in the preparation of the interim condensed financial statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2021, except for the adoption of new standards given below effective as of 1 January 2022. The Group has not adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Several amendments apply for the first time in 2022, but do not have an impact on the interim condensed consolidated financial statements of the Group.

#### **Onerous Contracts – Costs of Fulfilling a Contract – Amendments to IAS 37**

An onerous contract is a contract under which the unavoidable costs (i.e., the costs that the Group cannot avoid because it has the contract) of meeting the obligations under the contract exceed the economic benefits expected to be received under it. The amendments specify that when assessing whether a contract is onerous or loss-making, an entity needs to include costs that relate directly to a contract to provide goods or services include both incremental costs (e.g., the costs of direct labour and materials) and an allocation of costs directly related to contract activities (e.g., depreciation of equipment used to fulfil the contract as well as costs of contract management and supervision). General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract

These amendments had no impact on the interim condensed consolidated financial statements of the Group.

#### 3. CHANGES TO THE GROUP'S ACCOUNTING POLICIES (continued)

#### **Reference to the Conceptual Framework – Amendments to IFRS 3**

The amendments replace a reference to a previous version of the IASB's Conceptual Framework with a reference to the current version issued in March 2018 without significantly changing its requirements. The amendments add an exception to the recognition principle of IFRS 3 Business Combinations to avoid the issue of potential 'day 2' gains or losses arising for liabilities and contingent liabilities that would be within the scope of IAS 37 Provisions, Contingent Liabilities and Contingent Assets or IFRIC 21 Levies, if incurred separately.

The exception requires entities to apply the criteria in IAS 37 or IFRIC 21, respectively, instead of the Conceptual Framework, to determine whether a present obligation exists at the acquisition date.

The amendments also add a new paragraph to IFRS 3 to clarify that contingent assets do not qualify for recognition at the acquisition date. These amendments had no impact on the interim condensed consolidated financial statements of the Group as there were no contingent assets, liabilities and contingent liabilities within the scope of these amendments arisen during the period.

#### Property, Plant and Equipment: Proceeds before Intended Use – Amendments to IAS 16

The amendment prohibits entities from deducting from the cost of an item of property, plant and equipment, any proceeds of the sale of items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, an entity recognises the proceeds from selling such items, and the costs of producing those items, in profit or loss.

These amendments had no impact on the interim condensed consolidated financial statements of the Group as there were no sales of such items produced by property, plant and equipment made available for use on or after the beginning of the earliest period presented.

#### IFRS 9 Financial Instruments - Fees in the '10 per cent' test for derecognition of financial liabilities

The amendment clarifies the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. There is no similar amendment proposed for IAS 39 Financial Instruments: Recognition and Measurement.

These amendments had no impact on the interim condensed consolidated financial statements of the Group as there were no modifications of the Group's financial instruments during the period.

#### 4. BASIS OF CONSOLIDATION

These interim condensed consolidated financial statements comprising the interim condensed consolidated statement of financial position, interim condensed consolidated statement of profit or loss and other comprehensive income, interim condensed consolidated statement of changes in equity, interim condensed consolidated statement of cash flows and notes to the interim condensed consolidated financial statements of the Group include assets, liabilities and the results of the operations of the Company and its subsidiaries, as set out in note 1. The Company and its subsidiaries are collectively referred to as the "Group". Subsidiaries are entities controlled by the Group.

The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. Subsidiaries are consolidated from the date on which control commences until the date on which control ceases. The Group accounts for the business combinations using the acquisition method when control is transferred to the Group. The consideration transferred in the acquisition is generally measured at fair value, as are the identified net assets acquired and fair value of pre-existing equity interest in the subsidiary. The excess of the cost of acquisition and amount of Non – Controlling Interest ("NCI") over the fair value of the identifiable net assets acquired is recorded as goodwill in the interim condensed consolidated statement of financial position. NCI is measured at their proportionate share of the acquisition date carrying value of the Group's previously held equity interest in the acquiree is remeasured to fair value at the acquisition date. Any gains or losses arising from such remeasurement are recognized in the interim condensed consolidated statement of profit or loss. Intra-group balances and transactions, and any recognized income and expenses arising from intra-group transactions, are eliminated. Accounting policies of subsidiaries are aligned, where necessary, to ensure consistency with the policies adopted by the Group. The Company and its subsidiaries have the same reporting periods.

#### 5. INVESTMENT PROPERTIES (continued)

- a) Investment properties comprise commercial centers, parking areas and properties under development. Developed commercial centers and parking areas generate income through lease agreements. During the six-month period ended 30 June 2022, there was SR 13.4 million capitalized as borrowing costs for the construction of investment properties included in capital work in progress (For the year ended 31 December 2021: SR 11.3 million). Further, the capitalization rate used to determine the amount of borrowing costs to be capitalized is the weighted average interest rate applicable to the Group's general borrowings during the period, in this case 3.68% per annum (31 December 2021: 3.62 % per annum).
- b) Capital work in progress represents assets under construction relating to commercial centers and infrastructure development work on the land.
- c) Deprecation charged for the six-month period ended 30 June 2022 and 2021 has been allocated to cost of sale.
- d) As at 30 June 2022, the Group's land in the investment properties with a carrying amount of SR 1,018 million (31 December 2021: SR 1,018 million) were mortgaged as collateral against loans and borrowings and unitholders of investment fund. Also, see note 1.
- e) Also refer Note 6 for key assumptions and information about fair value measurements using significant unobservable input.

#### 6. **PROPERTY, PLANT AND EQUIPMENT (continued)**

- a. The Group signed an agreement ("the Agreement") with the Central District Cooling Company ("CDCC") a joint venture for the construction, operation and maintenance of the District Cooling System ("DCS") for 26.5 years from the date of final commissioning of DCS which became effective 31 December 2014. The DCS is pledged against a loan obtained by CDCC. The Group is entitled to obtain all economic benefits from the DCS during its entire life and therefore recognises the DCS from the commencement of construction by CDCC.
- b. These represent amounts transferred to non-current assets classified as held for sale pertaining to assets determined by management to be recovered principally through a sale transaction rather than continuing use.
- c. Land (the 'Land') represents plots situated in the Jabal Omar area, which were received by the Company from the founding shareholders (the 'Owners') against issuance of its shares at nominal value of SR 10 per share by virtue of a Royal Decree (the 'Decree') (note 1). Valuation of land was prepared and approved by Development Commission of Makkah Al Mukkaramah. Legal formalities for the transfer of title deeds from the Owners were completed. The Company had intended to complete the procedures for transferring any remaining title deeds in the name of the Company and issue corresponding shares, as and when their Owners would complete the related statutory and legal documentation (the 'documentation').

However, due to the physical location of the Project and peculiarities attached to the land ownership around Haram area, there were certain plots without identified title deeds. Accordingly, owners of plots amounting to SR 359 million remained unable to complete the documentation even after several years post incorporation of the Company. Accordingly, during 2016, the management of the Company recognised this remaining unrecorded land in its financial statements, considering the following:

- No title deeds had been submitted for the past 2 years;
- In respect of the Owners who could not submit their legal tittle deeds, pursuant to the transfer arrangement, Makkah Construction and Development Company ("MCDC") subscribed for shares in the Company on behalf of those owners. This mechanism was ratified by Royal Decree No. M/63, dated 25/9/1427H (corresponding to 18 October 2006) and therefore legal ownership of the land is with the Group;
- The Company possesses substantive rights to the use of complete Land by virtue of the Decree;
- The Group has been in the possession of the Land for the past several years and has started construction thereon; and
- During 2020, the competent authorities issued a unified title deed in the name of the Company for the entire area of the Group's Project which amounts to 235,869.11 square meters.

Moreover, in lieu of the fact that MCDC subscribed for the shares on behalf of owners who could not submit their legal title deeds, a corresponding payable to MCDC was recognised. The amount payable to MCDC would be settled as and when owners who could not submit their title deeds earlier, would do so, with a corresponding reallocation in shareholding between MCDC and such owner. Management expects the liability to be settled on demand and hence recorded as current liability.

d. During the period ended 30 June 2022, an amount of SR 33.6 million (31 December 2021; SR 47.8 million) was capitalized as borrowing cost for the construction of property plant and equipment included in capital work in progress. Further, the capitalization rate used to determine the amount of borrowing cost to be capitalized is the weighted average interest rate applicable to the Group general borrowing during the period, in this case 3.68% per annum (31 December 2021: 3.62% per annum).

At 30 June 2022, the Group's land in the property and equipment with a carrying amount of SR 2,532 million (31 December 2021: SR 2,532 million) were mortgaged as collateral against loans and borrowings and unitholders of investment fund.

#### 6. **PROPERTY, PLANT AND EQUIPMENT (continued)**

f. The outbreak of COVID-19 led to a substantial reduction in cash generated from the Group's hotel and commercial area operations, which continued to affect the Group's operations. It has also interrupted the development of the Group's projects. As a result, management had considered there to be indicators of impairment. There is a risk that the carrying value of non-financial assets, hotels, commercial properties and land parcels ("properties") associated with the Group's operations will be higher than the recoverable amounts.

For the purpose of impairment testing of the non-financial assets, the underlying assets are grouped together into the smallest group of assets that generates cash inflows from continuing use that are largely independent of the cash inflows of other assets or CGUs. The Group has determined the recoverable amounts of each CGU by assessing the fair value less cost of disposal (FVLCOD) of the underlying assets. The valuation is considered to be Level 3 in the fair value hierarchy due to unobservable inputs used in the valuation. Based on the valuation, no impairment was identified.

The valuation methodology and related significant inputs and assumptions used by valuers in estimation of net recoverable amount are as follows:

#### Valuation methodology:

The Group engaged independent professionally qualified valuation experts 'Dorchester Estates' ("Dorchester") and 'Square

Meter' ("SQM") accredited by the Saudi Authority for Accredited Valuers and performed their work in accordance with the International Valuation Standards Council (IVSC) as well as the regulations issued by the Saudi Authority for Accredited Valuers (TAQEEM). Dorchester and SQM have recent experience under IFRS 13, in determining the fair value for properties in the locations and segments where the Group's properties are situated.

The Group's finance department includes a team that reviews the valuations performed by the independent valuer for financial reporting purposes. This team reports directly to the Chief Financial Officer (CFO) and Chief Risk Officer (CRO) of the Group. Discussions of valuation processes and results are held between the CFO, CRO, and the valuation team at least once in every quarter, in line with the Group's quarterly reporting dates.

There were no changes in the valuation techniques during the period.

At each financial year-end the finance department:

- verifies all major inputs to the independent valuation report;
- assesses property valuation movements when compared to the prior year valuation report; and
- holds discussions with the independent valuer.

Changes in Level 2 and 3 fair values are analysed at each reporting date during the quarterly valuation discussions between the CFO, CRO and the valuation team. As part of this discussion, the team presents a report that explains the reasons for the fair value movements.

The Group has a number of operating hotels and hotels under construction. Each hotel is considered a separate CGU for purposes of impairment testing. In determining the fair value, the valuer has used an income approach, residual value approach, cost approach and in certain cases a weighted average of approaches. In case of non-operated assets comprising land parcels only the valuer has used comparable values approach. The Group also has a number of commercial centers and each commercial center is considered a separate CGU. The valuer has used an income approach for developed commercial centers and commercial centers under development.

Income approach: Under this approach, the valuers obtained rental of the relevant property and estimated future rental cash inflows. These future cash inflows are then discounted back to valuation date, resulting in present value of the related investment property. Since these valuations are based on significant unobservable inputs, the fair value measurement was classified as Level 3.

Cost approach: In cost approach appraisal, the market price for the property is equal to the fair value of the land plus cost of construction, less depreciation. Since these valuations are based on significant unobservable inputs, the fair value measurement was classified as Level 3.

Comparable values approach and residual value approach: Under these approaches, the valuer obtains land prices in the neighbouring districts and adjusts them for difference in specification of the Group's properties. Such values are based on significant unobservable inputs and hence the fair value measurement was classified as Level 3.

### Jabal Omar Development Company (A Saudi Joint Stock Company) NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) (continued) At 30 June 2022

#### 6. **PROPERTY, PLANT AND EQUIPMENT (continued)**

Management has determined the above approaches using the below key assumptions as follows:

Assumption	Approach used to determine values
Average daily rate	Based on the actual location, type and quality of the properties and supported by historic trends and approved room rents including impacts of expected inflations.
Estimated occupancy rate	Based on current, historic and expected future market conditions.
Retail developed land value	Prices of residential and commercial land parcels per square meter in the neighbouring districts.
Discount rates	Reflects current market assessments of the uncertainty in the amount and timing of cash flows.
Capitalization rate	It is based on actual location, size and quality of the properties and taking into account market data at the valuation date.
Costs to complete	These are largely consistent with internal budgets developed by the Group's management, based on it's experience and knowledge of market conditions.

The valuation of the Group's properties did not significantly change from the valuation done at Group's last audited consolidated financial statements for the year ended 31 December 2021, as there were no significant change in the circumstances and use of Group's properties during the period.

- a) These represent deposit placed in Murabaha deposits with commercial banks having original maturity of three months and yielding profit at prevailing market rate. Further, these Murabaha deposits are restricted under reserve accounts as per the agreements under corresponding arrangements with commercial banks. The classification depends on the contractual arrangement and is classified as current when the payment is on demand.
- b) The cash is held in accounts with banks having sound credit ratings. The fair value of cash and cash equivalent and restricted cash approximates the carrying value at 30 June 2022 and 31 December 2021.

#### 8.1 Classification of financial assets at fair value through profit or loss

The Group classifies the following financial assets at fair value through profit or loss:

- equity investments that are held for trading; and
- equity investments for which the entity has not elected to recognize fair value gains and losses through OCI.

- a) This represents investment in units (31 December 2021: 20 million units) of the investee which is a private placement closed ended real estate investment fund domiciled in KSA and managed by Al Bilad Investment Company. The objective of the investee is to acquire interest in properties situated in Makkah in order to generate income and capital growth. The main assets of the investee are represented by investment properties. The investee prepares and publishes financial statements on semi-annual basis under which it reports net asset value of the fund based on the fair value of these investment properties, as determined by two independent valuers (referred to as 'Indicative NAV'). Since the units of the fund are traded with reference to such Indicative NAV, management believes that it is a reasonable approximation of the fair value of the investee. As per the audited financial statements of the investee for the year ended 31 December 2021, the Indicative NAV per unit amounts to SR15.2, has accordingly been used as a valuation basis of the Group's investment as at 30 June 2022 as the Group's management believe that there have been no major change in circumstances during the period.

#### 9. INVESTMENT IN A JOINT VENTURE

This represents Group's 40% investment in a joint venture arrangement in Central District Cooling Company ("CDCC"), which is principally engaged in the business of providing central district cooling system services. CDCC has share capital consisting solely of ordinary shares, which are held directly by the group and the proportion of ownership interest is the same as the proportion of voting rights held. CDCC is not publicly listed, and the Group has entered into an agreement with CDCC, for the construction, operation and maintenance of District Cooling System ('DCS'). The principal place of business of the joint venture is Makkah, KSA. The Group's interest in CDCC is accounted for using the equity method in the interim condensed consolidated financial statements. The information disclosed reflects the amounts presented in the interim condensed consolidated financial statements of the joint venture. They have been amended to reflect adjustments made by the Group when using the equity method, including fair value adjustments and modifications for differences in accounting policy.

During the period, the Group has recorded share of result amounting to SR 3.6 million (30 June 2021: SR 1.5 million).

#### 10. PROPERTIES FOR DEVELOPMENT AND SALE

These represent properties being developed for sale as residential units and plot of lands which determined by management to be used for future sale in the ordinary course of Group's operations.

Movement during the period ended 30 June 2022 is as follows:

	30 June 2022 (Unaudited) SR'000	31 December 2021 (Audited) SR'000
Opening balance Transfers (note 6) Additions	24,806 - 854	1,419,044 (1,395,058) 820
Less: Charged to cost of revenue	25,660 (1,254)	24,806
	24,406	24,806

**10.1** At 30 June 2022 and 31 December 2021, the net realizable value of the properties is assessed to be higher than their carrying value.

#### <u>Residential units</u>

The management of the Group has carried out an exercise to determine the net realizable value of their residential units. This exercise involved determination of planned mode of disposal and the estimation of certain significant variables such as estimated selling price based on planned mode of disposal, estimated cost to sell and estimated cost to make the asset ready for sale. As at 30 June 2022 and 31 December 2021, the net realizable value of the residential units is assessed to be higher than their carrying value.

#### 11. TRADE AND OTHER RECEIVABLES

	30 June 2022 (Unaudited) SR'000	31 December 2021 (Audited) SR'000
Receivables from contract with customers	24,148	16,757
Receivables from rental income and land sale	172,694	156,322

Less: net impairment loss on financial assets	(100,443)	(60,689)
	583,182	548,060

Trade receivables are non-derivative financial assets carried at amortised cost and are generally on terms of 90 to 180 days. The carrying value may be affected by changes in the credit risk of the counterparties. It is not the practice of the Group to obtain collateral over third party trade receivables and these are, therefore, unsecured. The Group's trade receivables are concentrated in the Kingdom of Saudi Arabia. As at 30 June 2022, five largest customers accounted for 70% (31 December 2021: 71%) of the outstanding trade receivables. Due to short-term nature of the trade receivables, their carrying amounts are considered to approximate their fair values.

Advances to suppliers mainly include advances for undertaking repair and maintenance of infrastructure work.

#### 12. LOANS AND BORROWINGS (continued)

#### Term loans

a) On 13 December 2011 (corresponding to 18 Muharram 1433H), the Group signed an agreement with the Ministry of Finance ("MoF"), a government entity, to obtain a loan amounting to SR 3 billion. The loan was designated for development of Phase 3 of the Group's Project. At origination, the amount was due for settlement in six semiannual installments commencing from 1 January 2014. There are no financial debt covenants related to the facility.

During 2016, the Group obtained an extension on the settlement's commencement date to 1 January 2019.

During 2018, the Group obtained approval from the lender to further reschedule the loan for repayment in three equal installments annually, commencing from 31 December 2018, with interest rate of SIBOR plus 1.75%.

During 2020, the Group obtained approval form the lender to postpone until 31 March 2022 the repayment of all installments that were due on or before 31 December 2020. The Group has also pledged Phase 3 to the lender as mortgage against the loan.

During 2021, the Group entered into a loan restructuring agreement with MoF that involved significant modifications of the loan terms, including waiver of the accrued commission, capitalization of commission for certain period for commencing repayments, revision in commission rates and conversion of SR 1.5 billion of the total existing loan amount into a new unsecured Shariah-compliant subordinated perpetual instrument ("Perpetual instrument"), and maturity extension of the remaining secured SR 1.5 billion to 31 March 2031, with bullet payment ("Bullet Loan").

The SR 1.5 billion Perpetual instrument includes the following main features:

- 1- Waiver of the entire accrued and unpaid profit amounting to SAR 457 million.
- 2- The Perpetual instrument do not carry a contractual maturity nor does the government entity hold a contractual right to redemption or repayment in the ordinary course of Group's business.

Moreover, the Group may elect not to make any of the profit payments, except in the event of distribution of dividend to ordinary shareholders, and such non-payment of profit shall neither accumulate nor be considered an event of default.

The Group has analysed the Perpetual Instrument having features of an equity instrument under IAS-32 and hence classified the instrument under equity at its fair value on the date of debt conversion.

The SR 1.5 billion Bullet Loan will be repaid from 31 December 2026 and semiannual installments thereafter until its final maturity on 31 March 2031. The Bullet Loan, carries an annual profit commencing immediately after restructuring. Certain updates to the collateral provided against the Bullet Loan.

Pursuant to receipt of binding term sheets from MoF, confirmation from the facility agent and approval of Board of Directors (BoD) of acceptance of term sheets, the Group derecognized the old facility and recognized new facilities. The changes in the terms of the original MoF loan constitute a substantial modification and, accordingly, the difference between the pre-restructuring loan carrying amount and the fair value of the Perpetual Instrument and Bullet Loan, amounting to SR 1.4 billion, has been recognized as net gain on loan restructuring in the statement of profit or loss and other comprehensive income. The Group management is in the process of finalizing the facilities agreement as at 30 June 2022.

b) On 18 May 2015 (corresponding to 29 Rajab 1436H), the Group signed a syndicated Islamic loan agreement under Ijara arrangement with a credit limit of Saudi Riyals 8 billion with two local banks. Such loan shall be used to repay all bank liabilities related to Phases 2, 4 and 5, including a loan from a local bank with a credit limit of Saudi Riyals 2 billion (already paid) and another short-term liability in addition to completing the construction of Phases 2 and 4 and executing Phase 5. The syndicated Islamic loan was payable over a period of 12 years from the date of signing the agreement in quarterly payments ending at September 2027. The Group had withdrawn Saudi Riyals amounting to 4.5 billion under the facility, carrying profit at SIBOR plus spread. During 2020, the Group received letter for the deferral of payment due till 31 March 2021.

The Group had provided the following securities against the facility:

- Mortgage of the above-mentioned phases' lands deeds and properties with carrying amount of Saudi Riyals 7,285 million as of 31 December 2020.
- Promissory note by the Group for the syndicate of Saudi Riyals 6.1 billion

#### 12. LOANS AND BORROWINGS (continued)

#### Term loans (continued)

During the year ended 31 December 2021, the Group completed the restructuring of the Syndicate loan facility with the following key changes:

- Additional SR 1.2 billion of available limit for future drawdowns.
- Extension in Syndicate Loan's final maturity by 3 years from the original date of maturity with an option to extend by a further 3 years, subject to certain pre-agreed conditions
- Sculpted repayment schedule based on the underlying projects' cash flows
- Scheduled repayments will initiate after a grace period of 3 years
- Scope for step-down in profit rate based on achieved progress on Phases 2 and 4 of the Project and deleveraging of the facility

The Group has analysed the renegotiated terms and identified the changes to represent a non-substantial modification. Accordingly, the resulting modification loss amounted to SR 173 million had been recognized in net gain on loan restructuring presented in the statement of profit or loss and other comprehensive income during the year ended 31 December 2021. The Group has recorded the amortization of above mentioned modification loss during six-month period ended 30 June 2022 amounting to SR 14 million (30 June 2021: SR nil)

c) On 20 March 2017 (corresponding to 21 Jumada II 1438H), the Group signed an unsecured long term loan facility agreement with a local bank, the facility limit of SR 842 million for the purpose of settlement of certain Group's outstanding liabilities, whereby the loan will be repaid over a period of four years. Accordingly, as per the repayment terms, the loan was repayable in seven semi-annual equal instalments; the first instalment was due on 20 March 2018 (corresponding to 03 Rajab 1439H) and last instalment would have been due on 20 March 2021 (corresponding to 7 Shabaan 1442H). The loan carries borrowing costs at SIBOR plus 5%. On 21 March 2019 (corresponding to 14 Rajab 1441), the Group entered into a revised/ restructured agreement relating to the facility for the outstanding amount of the loan as at the restructuring date. Accordingly, as per the revised terms, the loan is repayable in nine installments: the first installment falling due on 18 August 2019 (Corresponding to 17 Dhual Hijjah 1440) and last installment due on 19 September 2023 (Corresponding to 4 Rabiul awal 1445). During the year ended 31 December 2020, the Group has received short-term deferral on the instalment due in March 2020 and September 2020 until the following instalment due date in March 2021 and remaining amount to be settled till September 2023 based on semi-annual installment schedule. Due to restructuring in current payments, the Group has recognized modification losses amounting to SR 4.9 million during the year ended 31 December 2020. During 2021, the Group received short-term deferral on the instalment due in March 2021 until July 2021. As of 31 December 2021, the Group has utilized SR 636 million. There are no financial debt covenants related to the facility. During the six-month period ended 30 June 2022, the Group has repaid the loan in full.

Further, during the six-month period ended 30 June 2022, the Group has finalized signing of new loan facility agreement, having facility limit of SR 1,000 million for the purpose of settlement of certain Group's outstanding liabilities, whereby the loan will be repaid over a period of eight years. Accordingly, as per the repayment terms, the loan is repayable in eight semi-annual equal instalments; the first instalment is due on 31 July 2023 and last instalment would be due on 31 January 2030. The loan carries borrowing costs at SIBOR plus 2.25%.

On 17 July 2017 (corresponding to 22 Shawal 1438H), the Group signed an unsecured facility with a local bank, d) with an amount of SR 500 million for the purpose of settlement of certain Group's outstanding liabilities. The loan carries borrowing costs at commercial rates and was repayable after six months (with an option to extend for a further period of six month). Original maturity date of the loan was 31 August 2018 (corresponding to 20 Dul-Hajjah 1439H). On 16 October 2017 (corresponding to 26 Muharram 1439H), the Group has re-negotiated and signed an agreement to convert the existing unsecured facility with secured facility for an additional amount of SR 500 million which increased the facility to SR 1 billion for the purpose of Group's outstanding liabilities. This new facility is secured with SR 1 billion subscribed units of JODC in the Group's subsidiary interest, Alinma Makkah Real Estate Fund and was due for payment on 31 March 2018. The loan carries borrowing costs at commercial rates. During the year ended 31 December 2020, the Group has finalized the terms and condition of restructuring the facilities and accordingly maturity has been extended to 23 February 2022 with borrowing cost of SIBOR plus 3%. The Group had recognized modification losses amounting to SR 36.2 million, as a result of facilities rescheduled during the year ended 31 December 2020. There are no financial debt covenants related to the facilities. The loan facility has a history of roll-over in the past and during the period ended 30 June 2022, the Group obtained approval from lender to roll-over a loan facility amounting to SR 1 billion to 30 June 2022.

As at 30 June 2022, the Group is in advanced discussion with lender to reschedule the repayment terms – to be extended to 5 years with 1 year grace period. The restructured agreement facility has yet not been finalized.

#### 17. ZAKAT

During the six-month period ended 30 June 2022, the Group has recorded zakat charge of SR Nil (30 June 2021: SR nil)

#### Zakat status:

During 1433H, the Zakat, Tax and Customs Authority ("ZATCA"), issued an assessment for the intervening period from 23 Ramadan 1427H to 30 Dhul Hijjah 1430H resulting in additional zakat liability of SR 30.4 million. JODC has filed an appeal against ZATCA 's assessment and submitted a bank guarantee of SR 29.1 million. During 2016, the Higher Appeal Committee (HAC) rendered its decision reducing the zakat liability to SR 21.8 million. JODC has filed another appeal to the Board of Grievance (BOG) against HAC's unfavorable decision. This appeal is under assessment and awaiting a decision from the General Secretariate Tax Committee (GSTC). Management expects a favorable outcome. During 2021, JODC has recorded additional zakat payable of SR 17 million for the related assessment in addition to SR 21 million recorded in the prior years under accruals and transferred to zakat provisions in year ended 31 December 2021.

During 1435H, ZATCA issued an assessment for zakat and withholding tax with a claim for additional zakat and WHT amounting to SR 26.8 million for the years ended 30 Dhul Hijjah 1431H through 1433H. JODC has filed an appeal against ZATCA's assessment along with the submission of a bank guarantee of SR 14.6 million. Management expects a favorable outcome.

During the period ended 30 June 2022, the Tax and Zakat Appellate Committee – Tax Violation and Disputes Appellate Committee [TVDAC] has rendered its decision for the years up to and including 1433H. ZATCA has to yet issue amended assessments for the years under appeal allowing claim of certain deductible items as per the TVDAC's decision. This should reduce the assessed zakat liability by SAR 23 million. Based on Management assessment, no further provision is required as of 30 June 2022.

The Group has filed its zakat return for the years ended 30 Dhul Hijjah 1434H to 1437H along with the periods ended 15 Rajab 1438H and 31 December 2018 and obtained a restricted zakat certificate for the said years. ZATCA has not completed the review of the zakat returns and has not issued any assessment for the said years. Furthermore, during 2017, the Group has submitted a revised zakat return for the years 1434H through 1436H which has been acknowledged by ZATCA and awaiting assessment. The Group has received zakat assessment from ZATCA till 2018 of approximately SR 421 million and recorded zakat payable based on the received assessment of SR 133.1 million and filed appeal against the open assessments. Case is currently under Tax Violations and Disputes Appellate Committee (TVDAC). Based on Management assessment, no further provision is required as of 30 June 2022

During the year ended 2021, ZATCA has issued assessments for the years 2019 and 2020 resulting in an additional zakat liability of SR 209 million and recorded zakat payable of SR 102 million. The Group has submitted an objection against the aforesaid assessments. the Group has submitted an objection against the aforesaid assessments after payment of SR 21 million, being 10% of the assessed liability as per the relevant regulations, and recorded it as other receivables as at 30 June 2022 (note 11).
